

# **Skills**

## **Technical:**

- Natural Language Processing
- Chatbot Development
- Text Processing
- NLTK Libraries
- Python
- Machine Learning
- Deep Learning
- Neural Networks
- Data Analysis
- Regular Expressions
- Information Retrieval

## **Soft:**

- Excellent communication skills
  - Effectively conveying complex concepts in both written and verbal formats
- Time and project management
  - Successfully managing multiple tasks and projects simultaneously, meeting deadlines, and consistently delivering high-quality work
- Analytical thinking
  - Identifying patterns, extracting insights from data, and implementing creative problem-solving strategies
- Flexibility
  - Adapting quickly to new technologies and changing environments, embracing and driving change when necessary
- Ability to work in a team and independently
  - Collaborating effectively with team members, such as on the chatbot project, sharing ideas and knowledge, and taking the initiative to work autonomously when required
